## work experience

---

### Rub that rubs

July 2016 - Present.  
Halifax, NS

#### - Sales / Web Developer

Matched clients with products based on their tastes and needs. Upsold product to meet sales targets while building brand loyalty with clientele. Designed and developed responsive e-commerce website integrating shopify into wordpress to improve brand identity.

---

### Almighty Software Co.

May 2016 - Present  
Halifax, NS

#### - Partner / UX & Web Developer

Negotiated the creation of the Almighty Software Co. with partners, legal advisors, marketing professionals and members of the NSCC faculty and staff. Designed and developed company websites as well as creating the brand identity.

---

### Integrated Staffing

April 2015 - April 2016  
Halifax, NS

#### - Temporary / Contract Worker

Worked on demand at a variety of different work sites including CN Rail's Autoport, Scotiabank Centre and Transcontinental Printing. Created great rapport with a number of employers around the Halifax Regional Municipality.

---

### Tech Support St.FX

September 2013 - Dec 2014  
Halifax, NS

#### - Contact Centre Representative

Mediated interactions between IT support professionals, St.FX students, faculty and staff. Helped troubleshoot everyday tech issues, such as authentication support and wireless network reconfiguration. Recognized for my ability to establish rapport quickly with clients and identify root problems
